Subject: Public comment on Proposed Plan for the East Waterway

To Whom It May Concern:

I am writing in support of the EPA Proposed Plan for the East Waterway.

I agree with the Duwamish River Community Coalition that:

The plan is consistent with cleanup levels for the lower Duwamish River.

The plan concurs with State law.

EPA has listened to the voices of the people most impacted by pollution in the Duwamish River and revised it's clean plans for the East Waterway to protect their health.
